Explanation

- **Heading Section:**

  Displays the title "Mission & Vision" with a blue underline.

- **Content Section:**

  Uses a Bootstrap features
    o (min-vh-100) : to ensures the section takes up the full viewport height.
    o d-flex align-items-center justify-content-center: Centers content both
      vertically and horizontally using Flexbox.
    o (container): Provides a responsive wrapper with proper margins and
      padding.
    o (table-responsive): Makes the table scrollable on smaller screens.

- o (table table-bordered text-center): Adds borders and centers text inside the table.
- o (img-fluid): Ensures images are responsive and scale properly within their containers.

- **Image Section:**
  Dynamically imports the image from the assets folder using Vue's require.

2. Script:

```
<script>
 export default {
   name: "MissionVision",
 };
 </script>
```

Explanation:
- Defines the component name as "MissionVision" for better debugging and modularity.

```
<style scoped>
.heading {
   color: rgb(31, 31, 185);
   text-decoration: underline;
   font-weight: bold;
 }
.mission-image {
 width: 100%;
 max-width: 600px; /* Ensures it doesn't become too large on big screens */
 height: auto;
}

.mission{
 color: red;
}
.vision{
 color: blue;
}
.values{
 color: yellow;
}
</style>
```
